

## **Supported Independent Living**

Supported Independent Living (SIL) is help with and/or supervision of daily tasks to develop the skills of an individual to live as independently as possible. These are the supports provided to a participant in their home, regardless of property ownership, and can be in a shared or individual arrangement.

Assistance provided to a participant will be included as part of their plan depending on the level of support, they require to live independently in the housing option of their choice.

Providers working with participants who require SIL supports in their plans can use the Provider SIL Pack to assist them in developing the necessary quote and supporting documentation.

The Provider SIL Pack contains a calculation tool and submission templates that help providers to detail and cost supports to help people build their capacity to live more independently.
