Introduction

The NDIS myplace participant portal is a secure website where you can view your NDIS Plan, update your personal contact details and manage services with your providers. Your information on the NDIS myplace participant portal is protected and cannot be accessed without a myGov account login.

In the myplace participant portal you are able to view and update your personal details, view your plan details as well as update and manage your consent to share plan information with your registered service providers. It is also a secure place for you to manage your plan's funded support budget (including requesting payment if you are self-managing your plan).

This step-by-step guide will help you navigate and use the myplace portal.

Note: this guide is intended for instructional purposes only and all data shown is fictional.

What can you do in myplace?

As a NDIS participant you can use the myplace participant portal to:

- ▶ View and update your contact details
- ▶ View your NDIS Plan, including information about your funded supports
- ▶ View and manage your current plan budget, including request payment for self-managed supports
- ▶ Search and locate registered service providers
- ▶ Create and manage service bookings with registered service providers
- ▶ Securely view NDIS messages
- ▶ Manage your consent to share all or sections of your plan with service providers
- ▶ Upload required documents

Need more help?

Please direct any queries to the NDIS on **1800 800 110** or visit your local NDIS office.

Sign in

You will need two things to be able to sign in to the NDIS myplace participant portal; a myGov account and an activation code.

For instructions on how to create a myGov account, refer to creating a myGov account on the [myGov help webpage](#). Once you have logged into MyGov you will need to link to the National Disability Insurance Scheme (this is done through the **Services** section).

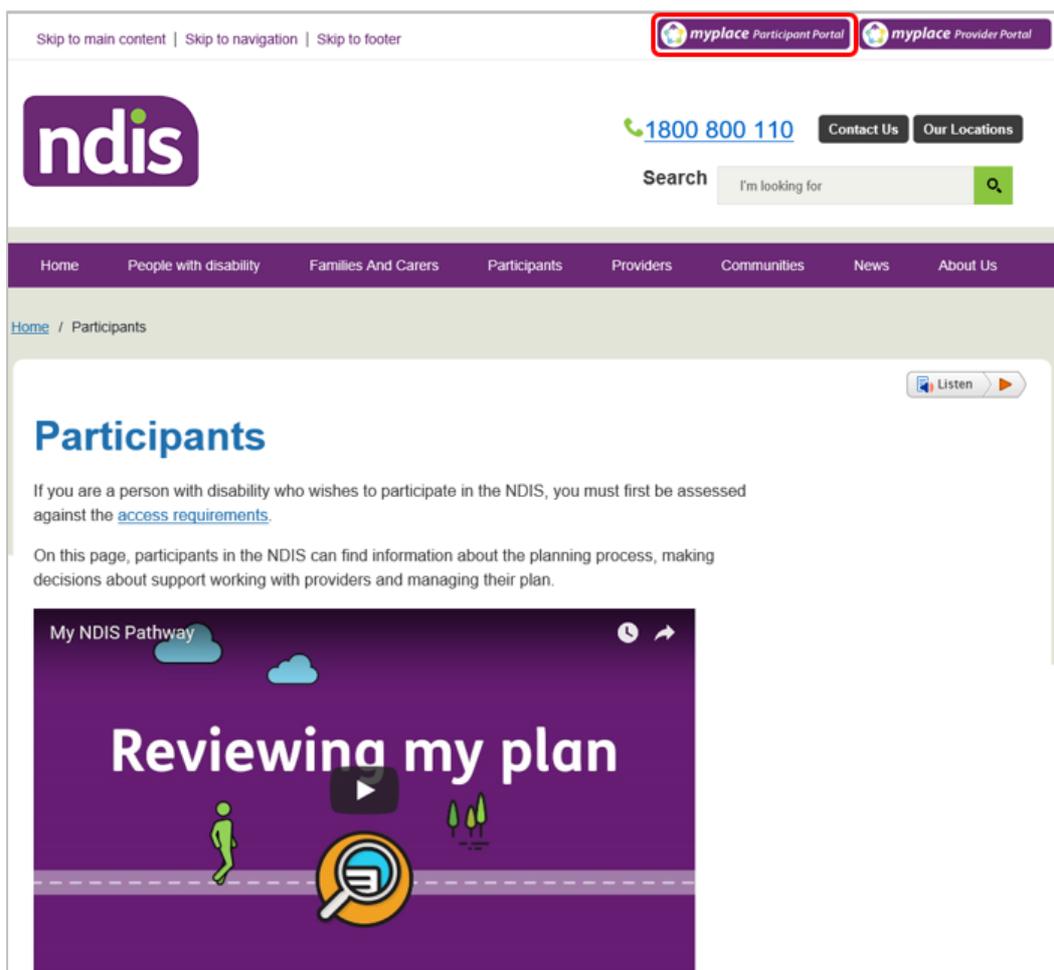

An **activation code** from the NDIS is only needed for the first logon.

The code can be provided to you before you become a participant, or at any time by the NDIS. You can contact the NDIA on **1800 800 110** to obtain an activation code if required or you can request for the code to be issued and sent to you via your preferred method of correspondence.

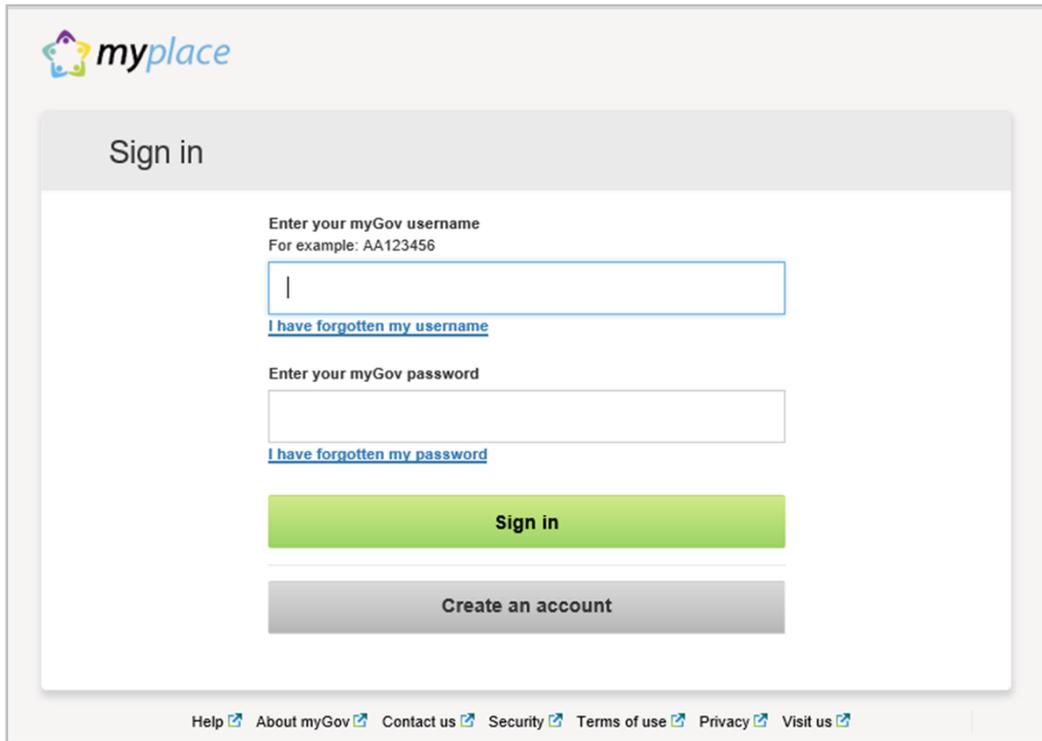

Note: this code will expire after 10 days so please log in and activate your account as soon as you can. If you are unable to do so you can contact NDIA and request another code to be generated.

Signing in to myplace for the first time

1. Select the myplace participant portal link on the [NDIS website](#).

2. Type in your myGov username and password.
Select **Sign in**.

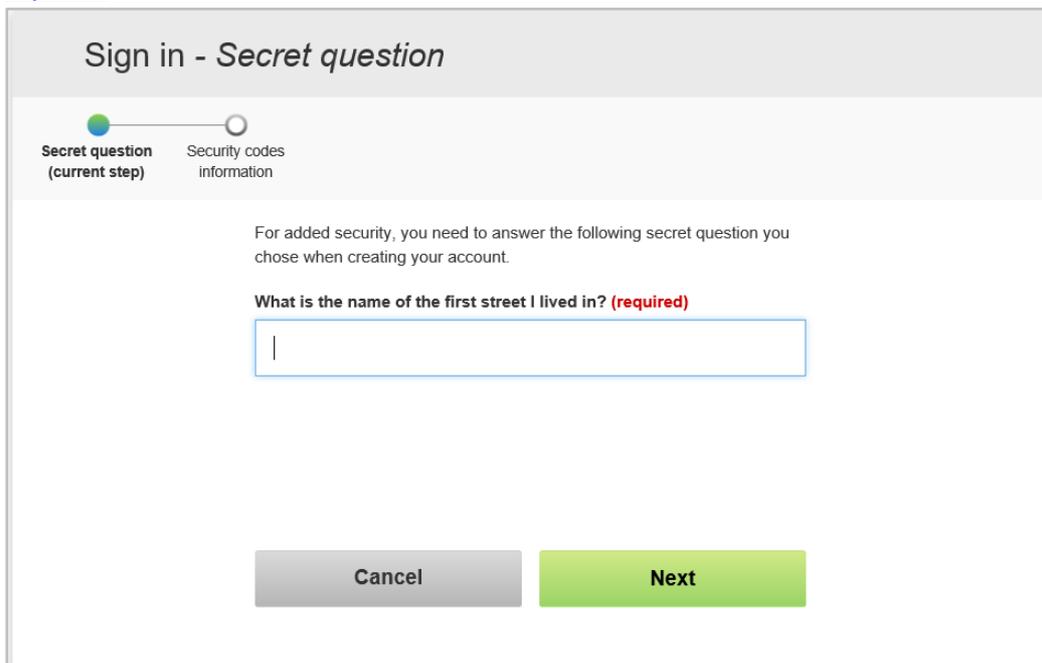

The screenshot shows the 'myplace' sign-in interface. At the top left is the 'myplace' logo. Below it is a grey header with the text 'Sign in'. The main content area is white and contains two input fields. The first is labeled 'Enter your myGov username' with the example 'AA123456' and a blue link 'I have forgotten my username'. The second is labeled 'Enter your myGov password' with a blue link 'I have forgotten my password'. Below the password field is a green 'Sign in' button and a grey 'Create an account' button. At the bottom of the page are several small links: Help, About myGov, Contact us, Security, Terms of use, Privacy, and Visit us.

Note: If you are using the secret question, another screen will display.

3. Answer the security question and Select **Next**.

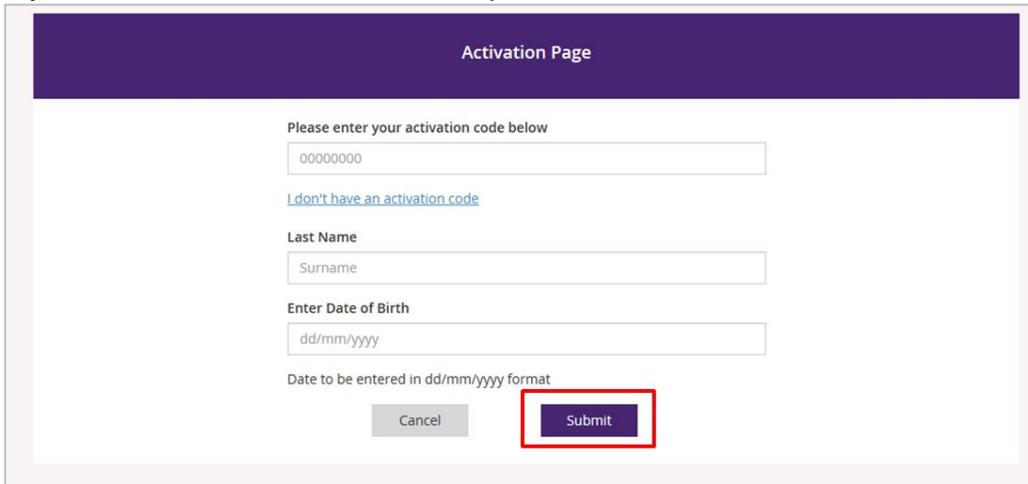

Remember to keep your security code and secret questions in a safe place.
For further information or any concerns relating to your myGov account you can contact [myGov](#).

The screenshot shows the 'Sign in - Secret question' page. At the top is a grey header with the text 'Sign in - Secret question'. Below it is a progress indicator with two circles: the first is filled green and labeled 'Secret question (current step)', the second is empty and labeled 'Security codes information'. The main content area is white and contains the text: 'For added security, you need to answer the following secret question you chose when creating your account.' Below this is a question: 'What is the name of the first street I lived in? (required)'. There is a text input field below the question. At the bottom are two buttons: a grey 'Cancel' button and a green 'Next' button.

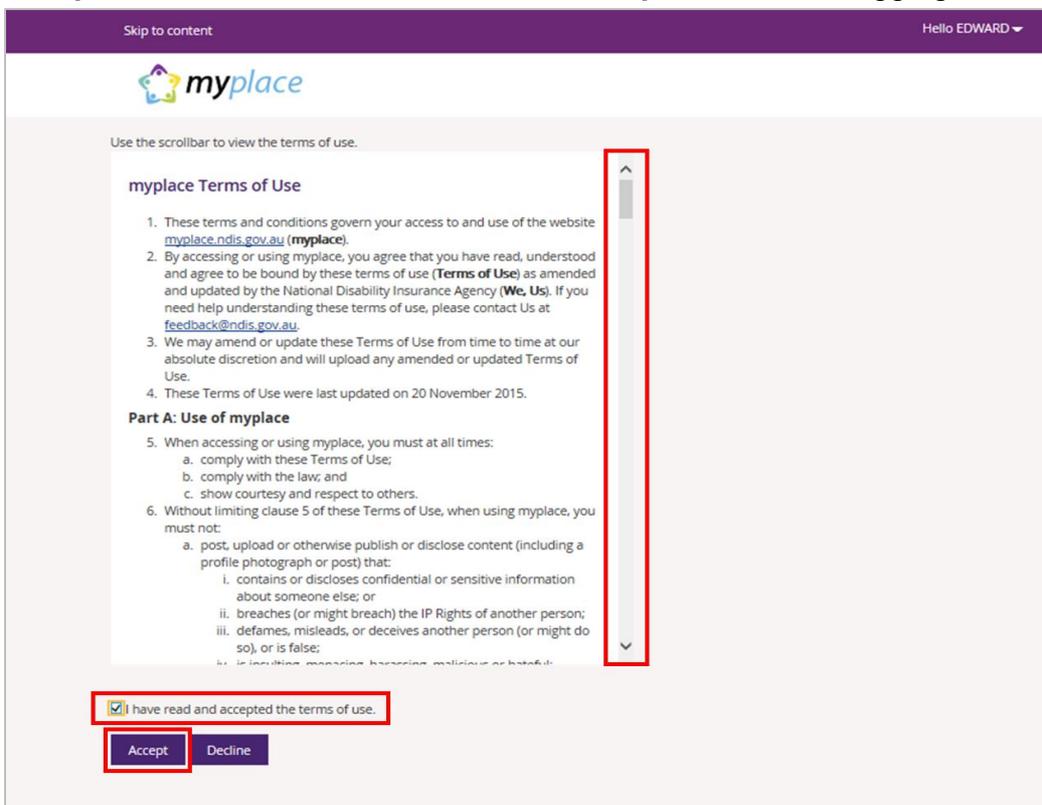

4. Type in your NDIS **Activation Code**, your **Last Name**, and your **Date of Birth**, then select **Submit**. As mentioned previously you only need to put in the NDIS activation code the first time you access myplace. This screen will not display again.

If you need a new activation code please contact the NDIA on **1800 800 110**.

5. You need to accept the **Terms of Use** before you can use the **myplace** portal. The Terms of Use will be displayed the first time you sign in to **myplace** or when there have been updates to the **myplace** portal that you need to be aware of. Move the scrollbar up and down to view the **Terms of Use**.

If you accept the **Terms of Use**, select the checkbox located next to **I have read and accepted the terms of use** and select **Accept** to continue logging in to myplace.

| Date of birth | 01 January 1990 |
| Current contact details | 15 TAY ST WATSON ACT 2602 Australia |
| About me | I live with my Mum (Samantha), Dad (Darrin), younger brother (Jack) and younger sister (Lily) in our family home in the Western Suburbs of Melbourne. I like spending time with my pets including the family cat (Missy) and Guinea Pig (Joe). I have a big role in looking after them and have to feed them in the morning and clean them out sometimes. My Mum and Dad encourage me to learn new things and help me with the things I find difficult like going to the shops to buy things for dinner, cooking, managing my money and remembering all the things I need to do to get ready for the day. I enjoy craft and spending time with my friends. We like to go the movies, markets or out for dinner. I would like to go on a holiday with them one day. The most important things in my life are my family, pets, friends and being able to spend my weekends doing things that I enjoy. Every morning during the week I wake at around 7am and my mum supports me by making sure I am ready to leave the house and catch the bus to work by 8:30am. I work at a cafe and really like it. The best bit is that I can try lots of different things during the day. I was really excited when I got a promotion earlier this year. I work hard every day and am usually tired when I get home. Sometimes I help Dad prepare the family meal before relaxing on my computer. I really using the computer and people tell me I am good at it. |

1. Select the **myGov Inbox** tile.
2. Your inbox opens and displays your incoming messages.

My Service Booking

Note: Any supports you are self-managing do not require a service booking.

As a participant you are able to choose who provides your supports and how they are provided. If you choose for the agency to pay your providers a service booking will be created to link the supports in your plan to your chosen providers.

You can create your own service bookings as a participant, or this can also be done by a nominee, or a provider with your consent.

The service booking will show the type of support you need and how long you need it for. It will also confirm there is funding in your plan to pay for these supports.

Your providers will request payment directly from the Agency for the supports outlined in your service bookings.

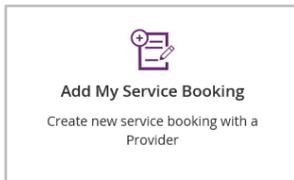

Note: A service booking is different to a service agreement. A service agreement is an agreement between a participant and a provider. All participants should have service agreements with their providers, as the agreement sets out the expectations for the service to be delivered. Service agreements will not appear in the NDIS myplace portal.

What if I have a Plan Management Provider?

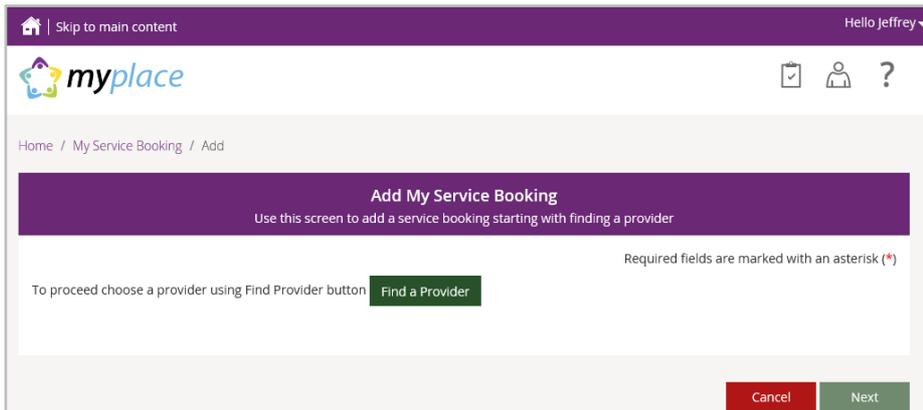

If you choose to have a Plan Manager to help you to pay your providers, a standard service booking will be created with the provider of the plan management supports. 'Plan-Managed' service bookings will be created for the supports that are Plan-Managed. The Plan Manager will then be able to pay your chosen providers.

Create a Service Booking

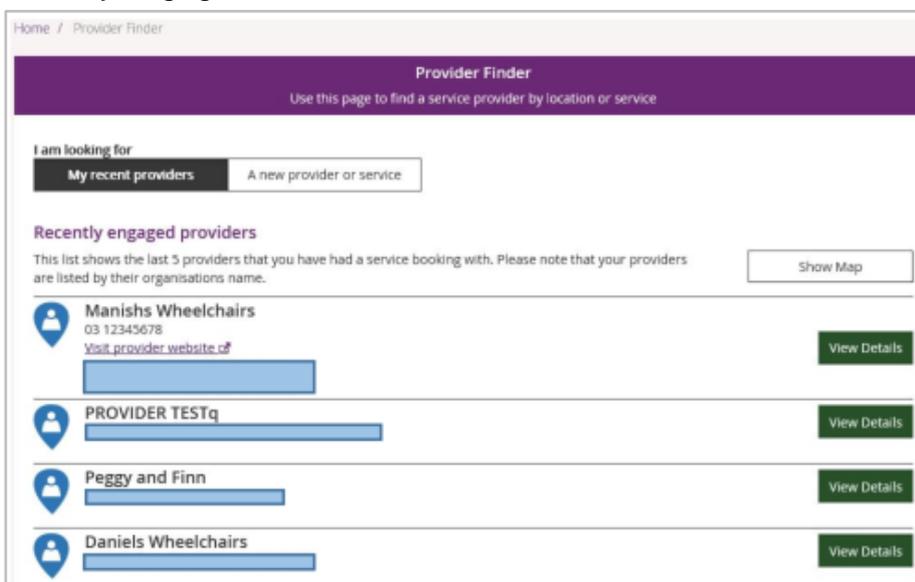

1. Select **My Service Booking** tile on the homepage.
2. Select **Add My Service Booking** tile on the **Service Bookings** page.

3. Select **Find a Provider**.

4. This opens the **Provider Finder** screen. You can also get here from the **Provider Finder** tile on the home page. The provider finder screen will show you a list of providers you have recently engaged with.

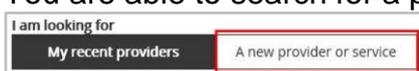

5. You can view the location of these providers by selecting **Show Map**.

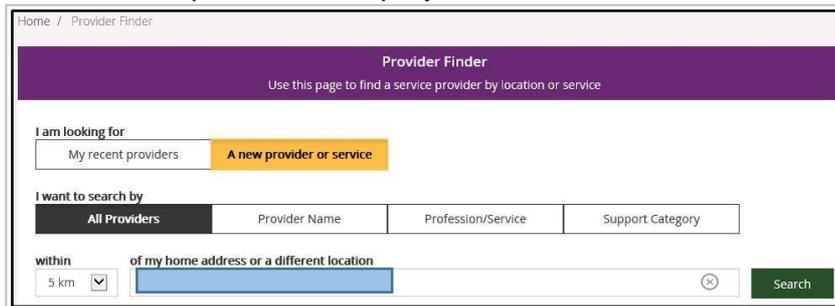

6. You can view more details about these providers by selecting **View Details**.

7. You are able to search for a provider by selecting **A new provider or service**.

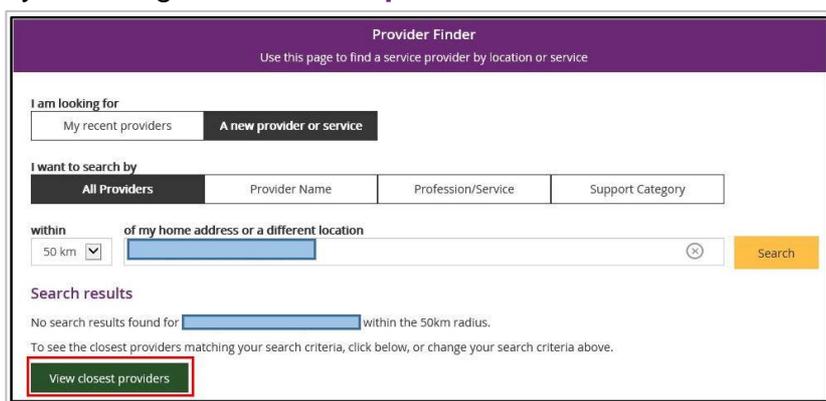

8. The search options will display.

You have the option to search by:

- ▶ **All providers-** all providers within the selected distance to your address will be displayed.
- ▶ **Provider name-** when selecting this option you will be able to enter the name of the provider you are looking for, in a box that will appear under the provider name tab.
- ▶ **Profession/service-** when selecting this option you will be able to choose the profession/service you are looking for from a drop down menu. The profession/service options can be found by selecting the arrow in the right hand side of the box which will appear under the professional/service tab. You are also able to search based on an intuitive keyword search using this search option.
- ▶ **Support Category-** when selecting this option you will be able to choose the support category you are looking for from a drop down menu. The support category options can be found by selecting the arrow in the right hand side of the box which will appear under the support category tab.

If you live in a remote area you are able to search for providers outside a 50km search area by selecting **View closest providers**.

Note: For participants living in populated areas.

If you search for a provider using **Address** and **within** fields, you may find there are limitations in the distance. The search only allows you to search up to 50 km in the **within** field, from the default participant address (populated under **address**). This may result in one of your preferred providers not being found.

This may arise if you are living more than 50km away from the provider or if the provider's registered address is more than 50km away from the address in **Address** field.

In these situations changing the **Address** to an address closer to the preferred provider location or checking with the provider and entering their registered address in the **Address** field will enable you to successfully find the provider.

Remember to check the provider you select is registered with the NDIS to provide the type of support outlined in your plan.

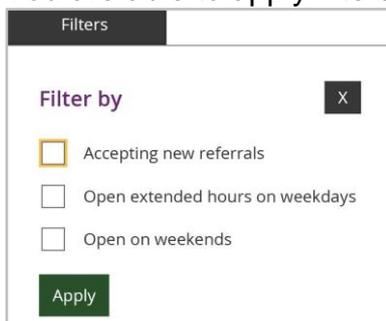

9. Select **Search**.

10. The results of the search display.

11. You are able to apply filters to your search results, in order to narrow down your results.

The following filters can be applied to your search:

- ▶ Accepting new referrals
- ▶ Open extended hours on weekdays
- ▶ Open on weekends

12. Selecting **Show Map** will enable you to see where the provider is located in comparison to the address you have searched from.
